We thank God for how he has provided abundantly and allowed us to participate in many new ministries as well as support organizations and people in need. We thank our church members for faithfully supporting the church through tithes, often sending donations and payments electronically.

Many members have utilized Pushpay®, our platform for online giving through our church website and app, and found it to be very convenient for one-time or recurring donations. Additionally, the church leadership has explored and set up alternative means for members to continue giving, many with lower overall fees. Please consider all the following options. Thank you for your cheerful giving.
