

# 2024 BOL SUMMER SHORT TERM MISSION TRIPS

## Southeast Asia Mission Trip /Medical

We will be returning to South East Asia again this summer. We will serve in Northern Thailand and Laos. In Chiang Mai we will undergo two days of training for youth ministry. Next, we will do ministry at several elementary schools and churches in the Northern area of Thailand. On the next leg, we will drive to the capital of Laos, Vientiane. Our group will divide into two or more groups. One group will venture to the north and the other to the central region of the country.

Reaching out to the Hmongs, our hope is that by helping these people, we can spread the Gospel

throughout the region. It is exciting to serve alongside local lay people, Hmong Americans and 4Christ Mission youth. The Hmongs are among the poorest and most persecuted people in South East Asia. There will be a lot of medical and dental needs. Our time there will be a wonderful opportunity to serve our God

Cost: \$1900 excluding plane fare. The earlier you decide, the cheaper the plane ticket. Also included are flights between cities in Asia

## San Telmo, Mexico

El Porvenir (EP) Summer is a summer education program hosted in San Telmo, a rural farming community in Baja California. In this place, many suffer from drug/alcohol addiction, poverty, violence, and broken families. Throughout the years, however, 4 Christ Mission has seen Jesus Christ heal, renew, and redeem generations in San Telmo.

This summer, we are recruiting a team of missionaries to serve God's people once again by teaching English, dance, art, science, service, and most importantly--by proclaiming the Gospel. Our vision is to see each child become real disciples of Jesus Christ. Our mission is to minister to each of them with the Word of God, childlike faith, and love that they might be filled with the Holy Spirit and the joy of the Lord. Join us!

June 28 - July 31, 2024

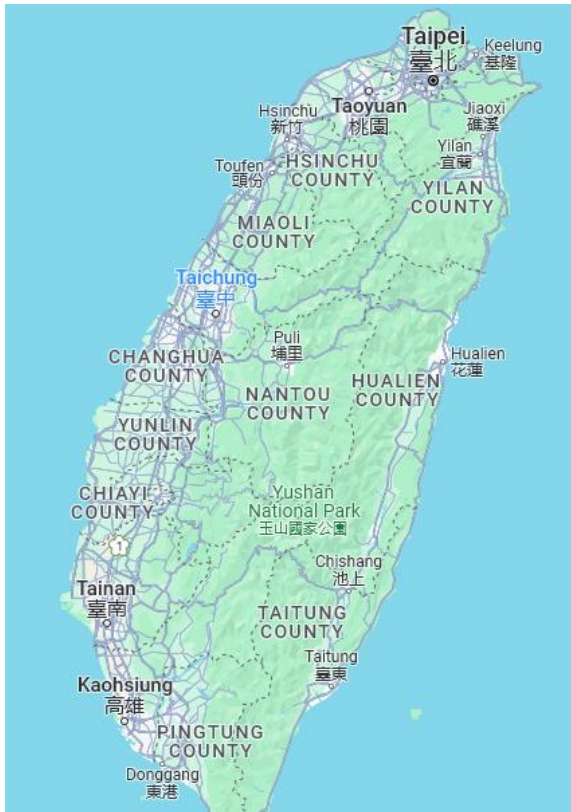

Cost: \$1800 (excluding transportation to San Telmo)

Deadline: May 27, 2024

## Taiwan

In Taiwan, the population of Christians has been just near 5% in recent years. Many disadvantaged people in the remote country side have even less opportunity to hear the Gospel. Lately, the Taiwanese government and schools have been promoting English education and are welcoming English teachers. This is a great opportunity for Christians from North America to take evangelistic action when the doors of these schools open to us. This year we will be partnering with local churches in different places: Keelung, Ying-Ge, Taoyuan, Tai-Chung and others.

June 30 to July13, 2024

Cost: Round trip air fare (about \$1,400), meals (about \$100/week) and personal expenses. Dormitory accommodations will be covered.
