

# EL PORVENIR SUMMER

## ABOUT

El Porvenir (EP) Summer is a summer education program hosted in San Telmo, a rural farming community in Baja California. In this place, many suffer from drug/alcohol addiction, poverty, violence, and broken families. Throughout the years, however, 4 Christ Mission has seen Jesus Christ heal, renew, and redeem generations in San Telmo. This summer, we are recruiting a team of missionaries to serve God's people once again by teaching English, dance, art, science, service, and most importantly--by proclaiming the Gospel. Our vision is to see each child become real disciples of Jesus Christ. Our mission is to minister to each of them with the Word of God, childlike faith, and love that they might be filled with the Holy Spirit and the joy of the Lord. Join us!
