

MERCY OUTREACH MINISTRIES Southeast Asia Summer Mission Trips /Medical

Trip 1 Aug 18 - 29; Trip 2 Medical - Aug 21 - 29, 2026
Bangkok, Thailand then to Yangon, Myanmar

Myanmar is in crisis. A deepening civil war has torn countless families apart and forced many from their homes. Communities have been shattered. Children have lost everything — their stability, their futures, their sense of belonging. Among the most vulnerable are the youth — displaced, uncertain, and longing for hope. In the midst of this heartbreak, God has led us to a faithful local pastor in Yangon who has become a beacon of light in the darkness. He has opened both his home and his heart to displaced youth, offering not just shelter, but love, dignity, and education. He has begun a small school to serve these children. This summer, we go to stand beside him. **Our mission is** to strengthen this growing ministry and take faithful steps toward **establishing an International School for Displaced Youth.** More than buildings, we want to cultivate a space that nurtures both education and the Word — a training ground for our young people to teach, grow, and serve, and a launching pad for our future missionaries. We've seen what God can do through education. The San Telmo School now serves over 300 students, with Field of Grace missionaries pouring themselves into children's lives for nine months at a time. That same spirit is what we carry into Myanmar.

What We'll Do • Youth Ministry Training — We will gather in Bangkok before flying to Yangon for a three-day training program to prepare hearts and minds. Our youth will develop and practice presentations to share with hundreds throughout the trip. • **Medical & Dental Outreach** — Doctors and dentists will join us to serve villages, churches, orphanages, and rehabilitation centers near Yangon. • **School Planning & Ministry** — We will partner with the local pastor to minister to displaced youth and underprivileged communities, and lay the groundwork for the future International School.

We invite you to **partner with us in this important work.** Your prayers and support can help turn a vision into reality—a school that becomes a sanctuary, a training ground, a launching pad for change. Together, we can bring hope where it's needed most, and show these displaced youth that they are not forgotten. Let's be part of something bigger than ourselves. Let's bring light to Myanmar.

Blessings,

Bill Liu

What/Where/When: Aug 18 - 29. Depart LAX Aug 17. Return to LAX Aug 29.

Aug 18 to Aug 20, Yangon, Myanmar (Youth Ministry Training)

Depart LAX Aug 17. Fly to Bangkok, then to Yangon Youth Ministry training. DTS/VBS.
